

MEMORANDUM FOR: Deputy Director (Support)

SUBJECT : Report on the Current Status and Problems of the  
Fiscal Year 1960 Financial Management Program

1. Attached is the latest progress report on the Financial Management Program.

2. From a first glance, the report seems to be rather long and voluminous but this is due to double spacing and large type. It is easy to read and also worth reading. I know you will gain the same impression that I have and that is the program seems to be moving forward slower than we all desire. In its defense I would like to say that it is better to move slowly and accurately than to rush into something without giving due consideration to all aspects of the problem. The process of coordination and selling something new is a monumental task in this Agency and the results are slow moving.

3. We will continue our efforts to speed up action.
